## Description

The Hallberg-Rassy 342 is a modern and fast cruising yacht made with traditional techniques by world renowned Swedish Boat Builders.

The German Frers designed hull gives a long waterline and narrow entry point for higher speeds whilst still retaining a significant wetted area and full rocker amidship for comfort at sea. This popular design, of which 329 were built, is a superb blend of comfort and exciting sailing.

CAPELLA has the conventional mainsail with two single line reefs that allow the sail to be fully managed from the comfort and safety of the cockpit, which is protected by the signature Hallberg-Rassy windscreen.

Below decks a bright and airy interior, finished in Mahogany has been carefully designed and crafted to give a usable and highly efficient area for up to six crew. The relaxing space includes a fwd facing chart table, separate heads and large saloon table. Hand holds and fiddles compliment the single level cabin sole for superior safety in all sea-conditions.

Capella has been re-engined in 2021, new sails in 2020 and the standing rigging was new in 2017, she is lying ashore at Hamble Point Marina and is a UK VAT Paid Vessel.
